DULUX EASYCARE WASHABLE & TOUGH

Dulux Easycare Washable & Tough Matt with stain repellent technology allows you to free yourself from the worry that everyday living will damage the look of your beautiful home. This exceptionally tough paint repels common spillages making it easy to wash, wipe and remove the most common household stains without damaging the paint on your wall, keeping that freshly painted look for longer. For use on all interior walls.

Dulux Easycare Washable & Tough is produced using renewable materials in the production process delivering a carbon footprint reduction, against the same paint produced with 100% fossil-based materials.

KEY BENEFITS

- Tough durable product
- Stain repellent technology
- Washable
- Excellent coverage

PRODUCT INFORMATION

Typical Use

Suitable for interior use on all normal interior walls and ceiling surfaces.

Pack Size

30ml Roller Tester, 2.5L and 5L.

Colour Range

See appropriate **Dulux** colour card or visit dulux.ie

Film Properties

Chemical Resistance: Not suitable.

Heat Resistance: Not suitable for use on heated surfaces e.g. Radiators.

Water Resistance: Resistance to the levels of atmospheric humidity present in normal interior environments and will withstand repeated washing. Suitable for use in kitchens. Not suitable for use on immersed surfaces or where there is prolonged condensation.

Composition (nominal)

Pigment: Lightfast pigments.

Binder: Acrylic Copolymer Emulsion.

Solvent: Water.

Volume Solids

White 40% (nominal), other colours will vary.

Sheen Level:

Matt <10% under standard conditions.

For more information see dulux.ie

SURFACE PREPARATION

To get the best results with **Dulux Easycare Washable & Tough**, ensure surfaces to be painted are sound, clean, and dry (new surfaces particularly must be fully dry).

Remove all loose and defective paint. Special precautions should be taken during surface preparation of pre-1990s paint surfaces over wood and metal as they may contain harmful lead.

Where necessary, wash the surface to remove dirt, grease and powdery or dusty residues. Rinse with clean water and allow to dry. Seal surfaces that remain powdery after thorough preparation with an appropriate plaster sealer.

Where necessary, rub down and then wipe off with a damp, lint free cloth to avoid dust.

Any surface defects should be filled with the appropriate **Polycell** product.

DULUX EASYCARE

WASHABLE & TOUGH

SYSTEMS INFORMATION

STIR THOROUGHLY BEFORE USE.

Seal new or bare surfaces with a thinned first coat of Dulux Easycare Washable & Tough (up to 1 part clean water to 10 parts paint). The normal finishing process is two full coats of Dulux Easycare Washable & Tough, but on previously painted surfaces in good condition where similar colours are used, one coat may be sufficient.

For the best colour consistency, purchase sufficient tinted paint for each job including touch-in at one time from the same location.

APPLICATION METHOD

Brush or Roller.

Do not apply in temperatures below 7°C.

Practical Coverage

A guide to the practical coverage which can be achieved under normal conditions is up to 13m² per litre.

Thinning

Sealing new or bare surfaces: Add up to 1 part clean water to 10 parts paint.

Normal use (not to be exceeded): Thinning is not required.

Drying Times

Single coat at standard thickness:

Touch Dry: 1-2 hours, dependent on temperature and humidity.

Recoat: 2-4 hours.

Cleaning Up

After use remove as much product as possible from equipment before cleaning with water.

When this paint container is empty, please ask your stockist about recycling. If you have leftover paint, please dispose of it responsibly.

Transportation & Storage

Do not use or store in extremes of temperature and protect from frost. To prevent spillage, please store and transport upright.

VOC

EU limit value for this product (cat: A/a): 30g/L (2010). This product contains <0.9 g/L VOC.

VOC Content: Trace (<0.1%).
