REFINISHING –
WITH EASE AND
CONFIDENCE**

BASECOAT NEXT

DYNACOAT BASECOAT NEXT IS PART OF A COMPLETE VEHICLE REFINISHING SOLUTION THAT GIVES YOU OPTIMAL RESULTS AND HONEST, TRUSTED VALUE. THIS ROBUST BASECOAT IS FORMULATED WITH HIGH-QUALITY RAW MATERIALS AND THE LATEST BINDER AND PIGMENT TECHNOLOGY FOR IMPRESSIVE RESULTS AT A FAIR PRICE.

The key benefits of Dynacoat Basecoat NEXT include easy mixing and application, flexibility and excellent coverage. It assures precision in matching of color and effect in solid, metallic and pearlescent repairs, at all sizes from a small spot to a complete respray.

EASY, FAST AND FLEXIBLE

Basecoat NEXT is simple to mix with your choice of thinner. Its sprayability and flow qualities allow smooth and effortless application. Short flash-off times speed up jobs to maximize efficiency and minimize the risk of wet paint becoming contaminated. For added versatility, flash-offs may be adjusted, using thinners, to give extra time for larger repair areas and for work in warmer conditions.

POWERFUL AND PRECISE

The strong hiding power of Basecoat NEXT means surfaces can be covered quickly and with lower paint consumption. Whether you use digital or conventional color tools, you can be sure of an accurate OEM color match and an invisible repair. In specialized finishes, good metallic orientation avoids mottling or halo effects. The refinished paintwork’s quality and attractive appearance can be sealed in with a Dynacoat clearcoat for maximum durability.

COLOR MADE EASY

DYNACOAT COLOR MATCHING IS BASED ON THE WORLD-LEADING TECHNOLOGIES AND QUALITY STANDARDS OF AKZONOBEL. USING THE DYNACOAT MIXING MACHINE, ANY VEHICLE COLOR CAN BE CREATED FROM A COMPACT SYSTEM OF TONERS. FOR THE ULTIMATE IN PRECISION, IT IS USED IN COMBINATION WITH AKZONOBEL'S DIGITAL COLOR TOOLS.

COLORVATION™ – FOR THE DIGITAL AGE

Building on its advanced color and tool capabilities, AkzoNobel's unique Colorvation initiative empowers bodyshops to gain maximum benefit from versatile digital technology. For those wishing to move up to a digital system, it offers an easy, step-by-step transition.

AUTOMATCHIC VISION™

With this compact, hand-held, multi-angle instrument, you can measure vehicle color directly from the vehicle – quickly and precisely.

MIXIT™

MIXIT – the world's easiest and fastest color retrieval tool – finds the perfect formula from AkzoNobel's huge, continuously updated database.

AkzoNobel

AkzoNobel has a passion for paint. We're experts in the proud craft of making paints and coatings, setting the standard in color and protection since 1792. Our world class portfolio of brands – including Dulux, International, Sikkens and Interpon – is trusted by customers around the globe. Headquartered in the Netherlands, we operate in over 80 countries and employ around 35,000 talented people who are passionate about delivering the high performance products and services our customers expect.
