

DYNACOAT

CLEAR UHS SPEED

**THE CLEARCOAT
FOR TOP SPEED
AND EXCELLENT
GLOSS QUALITY**

CLEAR UHS SPEED

FOR BODYSHOPS SEEKING A FAST-DRYING CLEARCOAT FOR VEHICLE REFINISHES, THIS ULTRA-HIGH-SOLID, VOC-COMPLIANT PRODUCT IS THE ANSWER.

You can trust Dynacoat Clear UHS Speed not only to save time but to create an excellent glossy result. Easy polishing, durability and long-term gloss retention are important additional benefits.

RAPID RESULTS

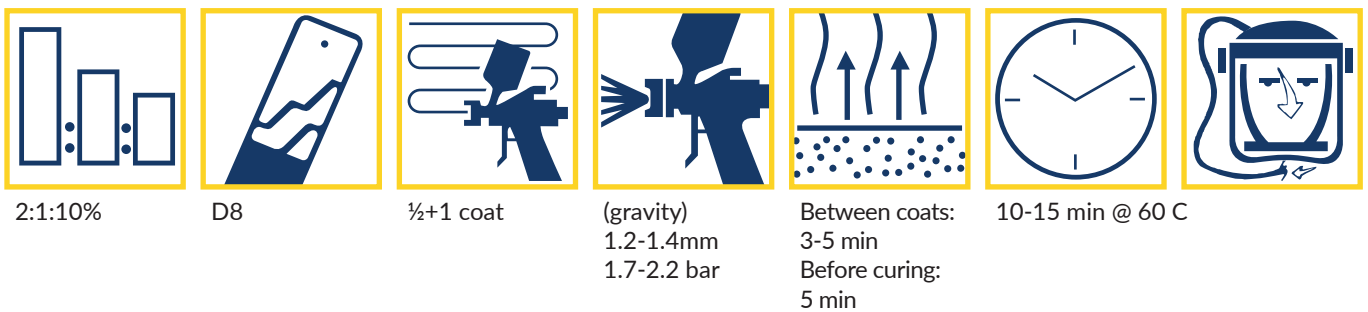

Dynacoat Clear UHS Speed can be used confidently on any size of repair in standard application conditions (15 to 30°C). When baked at 60°C, its dry-to-handle time (10-15 minutes, depending on the thinner) speeds up your workflow without compromising on the quality of the final result. Increased process speeds and shorter baking times mean higher productivity, greater flexibility and maximum profit for your business.

LASTING SHINE

Strong through-hardening helps to produce a robust finish which is very easy to polish, straight after cooling down or – if more convenient – the next day. Its impressive flow and long-lasting, high-quality gloss appearance ensure continuing customer satisfaction.

THE CLEARCOAT FOR TOP SPEED AND EXCELLENT GLOSS QUALITY

FEATURES	BENEFITS
