

HYPERLITE Pro Hi-Viz Fibreglass S2.0 Ladder

[Representative image of product]

Product Description

HyperLite® – Using a tall extension ladder can be intimidating, but with the right ladder, it doesn't have to be. The Little Giant® HyperLite® was designed with safety and ease of use in mind, so you can focus on the task at-hand, rather than worrying about your ladder.

Lightweight – The HyperLite is an ultra-lightweight, non-conductive fibreglass ladder. Most extension ladders are incredibly heavy; and carrying them can cause injuries from the weight; but this ladder weighs up to 40 percent less than traditional fibreglass ladders.

Double Pulley – In the past, extension ladders' pulley systems were in the way and tough to use. We moved the pulley to the side of the ladder and incorporated double pulleys to make operation simple. Getting enough leverage to raise the ladder is fast and easy.

Wide-Flared Adjustable Outriggers: Independently adjustable stabilisers that fine-tune each bar individually, ensuring stability on uneven surfaces, enhancing safety by reducing wobbling or tipping, and providing a solid foundation for various work environments.

Lightweight Non-Conductive Fiberglass: Advanced, lightweight fiberglass construction for easy carrying and manoeuvring, ensuring safety by preventing electrical conductivity, and providing confidence when reaching high places.

Swivel Feet: Versatile feet with a rubber-moulded option for flat surfaces and a 'claw' position for exceptional traction on challenging terrains, ensuring stability and safety on various surfaces and in all weather conditions.

Side-Mounted Double Pulley: Advanced pulley system that reduces effort when raising or lowering the ladder, with a side-mounted design that enhances safety by eliminating tripping hazards and ensuring smoother, more efficient operation, especially at greater heights.

Features

- Patent-pending HiViz Green from Little Giant greatly improves ladder visibility
- Side mounted, heavy-duty rope operated ladder for easier extending
- Lighter than comparable extension ladders
- Comfortable D-shaped rungs
- Dual-action feet - select spiked or rubber foot

Specifications

- Brand: Little Giant Ladder Systems
- Warranty: 1-year
- Max Load: 150kg
- Standard: ANSI TYPE IA - EXTRA HEAVY DUTY
- Material: Fibreglass
- Commodity Code: 39269097
- Country of Origin: CN
- Recommended Usage: Intensive

Common Dimensions

- Rung Depth: 35mm
- Distance Between Rungs: 300mm

Packaging Material

- Cardboard Carton/Polywrap

Availability & Delivery

- Stock item. Bulky delivery up to 7 days.
(See exceptions, if applicable, overleaf)

HYPERLITE Pro Hi-Viz Fibreglass S2.0 Ladder

Product Dimensions

SKU	Rungs /Sections	Last Climbing Height (mm)	Approx. Working Height [†] (mm)	Closed Length (mm)	Extended Length (mm)	Width (mm)	Stabiliser Bar Width (mm)	Depth (mm)	Nett Weight (kg)
1304-082	12 x 2	5610	7560	3658	6510	470	N/A	152	21.3
1304-083	14 x 2	7634	9584	4267	8534	470	N/A	152	24.5 [†]

Where applicable, Approx. Working Height[†] is an approximate calculation of 1,950mm (6'4") plus platform height or last climbing tread, whichever is appropriate.
Ladders set at an angle of ~75° degrees.
* Ladder not supplied with Stabiliser Bar.
[†] Heavy Item – 2-person lift required.

Shipping Dimensions

SKU	Shipping Length (mm)	Shipping Width (mm)	Shipping Depth (mm)	Shipping Volume (m³)	Gross Weight (kg)
1304-082	3808	545	252	0.523	24.8 [†]
1304-083	4417	545	252	0.607	28.2 [†]

[†] Heavy Item – 2-person lift required.
