Product Description

The Fully Adjustable Work Platform is the ultimate solution for professionals and DIYers who need flexibility, stability, and durability on the job. Featuring a Swiftlock Adjustment System, this platform can be quickly and easily adjusted from 930mm to 1480mm, allowing you to work at the ideal height for any task. Its independently adjustable legs ensure stability on uneven surfaces, while the aerospace-grade aluminium construction keeps it both lightweight and incredibly strong. The anodised armour finish provides added protection against wear and corrosion, ensuring long-lasting performance in tough environments.

Compact and portable, this work platform is designed for easy storage and transport. Its carry handle makes it simple to move between job sites, and it can be stored in tight spaces when not in use. Whether you're working indoors or outdoors, this adjustable platform offers the strength, versatility, and convenience you need to tackle any project with confidence.
