Product Description

Use the Little Giant Telescoping Plank to convert any Little Giant articulating ladder into a simple, durable trestle-and-plank scaffolding system. The Telescoping Plank is made of the same super-light, aerospace-grade aluminium as our heavy-duty ladders and is rated to hold 113kg. The wide, slip-resistant platform allows you to complete big jobs in comfort while saving time. With the Telescoping Plank Model 6-9ft (1.8-2.7m), you can replace expensive and labour-intensive scaffolding systems with a strong, versatile working surface that adjusts from 1.8m to 2.7m to fit your needs.

Features

- Use with a wide range of Little Giant Multi-purpose Ladders
- Converts multi-use ladder into scaffolding platform
- Heavy-duty aluminium structure
- Stores in nearly half its extended length
- Please note that the ladder pictured, is not included
